Pocket Coil Mattress

A mattress designed with individually wrapped coils to fully support your body.

- As numerous dots to hold your body weight and provide well-balanced support.
- Supports body weight across many dots, The mattress ensures a stable posture.
- Reduces the amount of sinking.

Each independent barrel shaped spring is wrapped in a non-woven fabric, and each coil works independently, realizing the optimum hardness which was suitable for the posture.

Pocket Coil Mattress with Legs

It's a simple bed that focuses on comfort and materials. The versatile design allows it to be used as a sofa. Compared to our other beds, it's more compact and easier to take apart when moving.

	4550002528911	10.2"	\$19.00

Rotate your mattress for longer life

Switch the head and feet side every season. The strength of springs may deteriorate if a load is continuously applied to the same point. By changing the mattress orientation and distributing your body weight more evenly over time, you can reduce the load on the springs. Make sure to periodically air the mattress by standing it up.

Pocket Coil Springs Placement

We use harder coils around the hip area where coil depression is most likely to happen as well as the outer rim where you will sit often. Your mattress will stay the same for a long time.

Steel Shelving Unit

Sturdy stainless unit shelving unit made of stainless steel that are both functional and beautiful.

Steel Shelving Unit - Light Gray
